Dear Dr. Cope:

I am returning the proof of my address. Will you be kind enough to let me have twenty-five reprints ?

Yours sincerely,

President.

Dear Dr. Cope:

Instead of sending me the reprints of the paper inasmuch as it would involve expense will you be kind enough to send me five copies of the magazine ?

With regard to the Canadian Conference on Moral Education, it seems to me to have been a very important gathering, and certainly I was much more impressed with it than I expected to be. Probably there will be a large influence as a result of it. I have never heard that it had the slightest entangling alliance of a commercial character. Discussion on how to form character for good citizenship through moral education was the theme of the gathering. There must have been 1500 delegates present from all over the Dominion, and the speaking was of a very high order. Probably the next gathering will be about three years from now. Meantime a National Council has been established.

Yours sincerely,

President.
